Description

This legendary blanc de blancs is a masterpiece of precision, made exclusively from Chardonnay, sourced from a single terroir—the revered Côtes des Blancs—a single cru, Le Mesnil-sur-Oger.

Each bottle undergoes an extended ageing process in Salon's cellars, spending an average of ten years maturing before release. Only then does it begin to unveil its remarkable complexity, finesse, and longevity—qualities that make it one of the most coveted Champagnes in the world.

Salon's selectivity is unparalleled: just 37 vintages were produced in the entire 20th century, with production typically limited to just 60,000 bottles—an almost microscopic quantity in Champagne. Due to its limited production and exceptional quality, it is highly sought after by collectors and connoisseurs.
